TX

# TX - AT A GLANCE

Built for purpose. Designed to deliver.

1

**Iconic styling.** Distinctive circular headlights, coach-doors, a bold front grille, and an instantly recognisable roofline.

2

**eCity technology.** Range-extended electric, zero-emissions capable technology reduces running costs and gives unrivalled range flexibility.

3

**Driver comfort.** Your mobile office, ergonomically and thoughtfully crafted for long hours at the wheel.

4

**Technology.** From cruise control to parking sensors, the latest equipment and driver aids are designed to make your life easier.

5

**Passenger experience.** Seating for up to six people, a panoramic glass roof, charging ports and fast on-board Wi-Fi.

6

**Safety.** A strong body structure, full complement of passive safety systems and cutting-edge active driver assistance provides peace of mind.

# EXTERIOR COLOURS

Stand out from the ranks.

With a choice of unique colours, the TX offers a wider range of paint options than ever before, including metallic and pearlescent finishes.

*Metallic paint chargeable at **£495**. Pearlescent paint chargeable at **£595**.*

# OPTION PACKS

Make more of your TX.

The TX is the most well-equipped taxi we've ever built. The standard VISTA specification blends high-end accommodation for both driver and passengers with innovative technology and user-friendly features.

We've made some of our most popular equipment available in two packs, designed to save you money and enhance your driving and ownership experience even further.

# HIGHLIGHTED FEATURES

Explore the TX in detail.

**Air-pollution sensor.**

TX not only filters the air you breathe to prevent contaminants from entering the cabin, it monitors the quality of the air flowing to the interior vents and automatically closes the intake if high levels of pollution are detected, protecting you and your passengers from any harmful effects.

*Standard on all models.*

**Panoramic roof.**

The roof panel incorporates layers of thick, reinforced glass with a tinted security film between them. The film blocks 95% of emitted light energy from entering the cabin, creating a secure and pleasant environment for passengers to enjoy dramatic views of the skyline.

*Standard on all models.*

**Electrical accessory interface.**

The new TX has been designed to meet the requirements of modern passengers; the interface allows quick, simple and safe electrical installation of a wide range of aftermarket devices without damage to existing wiring harnesses.

*Standard on all models.*

**Swivel seat.**

Within the passenger compartment, the outer flip seat can rotate to a fixed position outside the passenger door. When used in conjunction with the wheelchair ramp, even passengers with severe mobility challenges are able to enter the vehicle without unnecessary hassle for them or for the driver.

*Standard on all models.*

**Dedicated on-board Wi-Fi.**

Passengers will be able to connect to the inbuilt Wi-Fi on-board the TX. A dedicated USB socket, located in the driver compartment for optimum signal, will allow passengers to connect to the Wi-Fi. The high-speed Wi-Fi dongle is included with the taxi, along with a 12 month data contract.

*Standard on all models.*

**Main beam assist.**

The bright, efficient LED headlights are fully-automatic and feature electronic self-levelling, on/off control and a sensor that detects other vehicles and street lighting to switch between dipped and main beam automatically, so you're assured of optimum visibility at all times.

*Standard on all models.*

# TECHNICAL SPECIFICATION

## Overview.

Servicing	
Service interval	25,000 miles
Motor and battery	
Driven wheels	Rear
Peak power	110 kW / 150 PS
Peak torque	255 NM
Max. rpm	11,500
Battery type	3 string lithium-ion 400 V
Gross storage capacity	31 kWh
On-board charging (AC/DC)	22 kW AC / 50 kW DC
Range-extender	
Fuel type	Petrol
Configuration	Inline 3 DOHC 12-valves
Induction	Direct injection, turbo-charged
Cubic capacity	1,477 cc
Power	60 kW / 82 PS
Torque	255 NM
Fuel tank capacity	36 L
Performance and economy	
0 - 62 mph	13.2 secs
Max. speed	80 mph
Official combined fuel economy	217.3 mpg
Official CO2 emissions	29 g/km
Pure EV (electric-only) range	80.6 miles
Total range	377 miles
Fuel economy (range-extender)	36.7 mpg
Brakes	
Braking system	Front and rear floating caliper / ventilated discs
ABS, Electronic Stability Control and Emergency Brake Assist	
Wheels	
Wheel size	17 x 7J
Tyre size	215/65/R17 103H

Steering	
Power steering type	Electro-hydraulic
Steering ratio	15.2:01
Turning circle (wall-to-wall)	8,450 mm
Dimensions (mm)	
Refer to diagrams overleaf.	
Access (mm)	
Nearside door opening:	
Max. width / min. width	857 / 842
Height	1,319
Sill height	370
Folding step height	177
Folding step depth	252
Ramp length / extension	1,280 / 1,061
Approx. ramp angle (floor)	15 degrees
Approx. ramp angle (kerb)	11 degrees
Ramp width (between rails)	714
Weights (kg)	
Kerb weight*	2,230
Mass in running order**	2,305
Max. payload***	600
Ramp safe working load	250
Folding step safe working load	150
Suspension type	
Front suspension	Dual-axis Macpherson strut / anti-roll bar
Rear suspension	Double-insulated, 5-link with transverse composite leaf spring
Luggage space	
Luggage capacity	440 L

\* The kerb weight refers to the vehicle in running order (with standard equipment) without the driver, passengers or load but with the fuel tank 90% full

\*\* The mass in running order includes the kerb weight plus a driver at 75 kg

\*\*\* The payload includes the weight of the driver and passengers, luggage and all accessories

# TECHNICAL SPECIFICATION

Dimensions.

# OWNERSHIP

Built-in peace of mind.

## Servicing.

Long service intervals of 25,000 miles mean less downtime for you, and our fully trained technicians are equipped with the latest systems and tools to keep your TX performing at its best.

## Roadside.

LEVC have partnered with the RAC to give TX drivers access to their 1,500 patrols, 24 hours a day, seven days a week. So wherever you are in the UK, help is never far away. RAC Roadside Assistance is included free of charge for 12 months with every new TX.

## Home charging.

The most convenient and cost-effective place to recharge the TX is at home. Through Chargemaster, LEVC can offer a one-stop home charge solution for just £299 including VAT, which includes a £500 contribution from the Office for Low Emission Vehicles (OLEV). Contact your local dealer and sales team for further details.

# WARRANTY

## Class-leading protection.

The new TX has been designed and rigorously tested to meet the demanding requirements of a purpose-built taxi. The drive battery is protected by a market-leading, five-year, unlimited mileage warranty, and every TX is also covered by a fully comprehensive whole vehicle warranty for three years, or 120,000 miles (whichever is sooner).

All non-wearing components, from motors to ball joints to bushes, are covered against manufacturing defects for the full duration of the warranty - which means no unforeseen repair costs and a hassle-free ownership experience.

### Extended Warranty

For even greater peace of mind, the whole vehicle warranty can be extended to five years and 150,000 miles for **just £649 including VAT**.
